PROFESSIONAL EXPERIENCE

Budgetree Technology Private Limited

June 2023 – Present

Frontend Developer

- Implemented website corrections, ensuring responsiveness and optimal user experience.
- Integrated APIs for improved website functionality and efficiency.
- Reviewed and enhanced JavaScript functionalities, including checkout process, card delivery, rental payments, vendor payments, card redemption, and card accounts.
- Collaborated with the development team to resolve issues and bugs.
- Conducted thorough testing and quality assurance.
- Assisted in developing and implementing new features.
- Stayed updated with industry trends and suggested innovative solutions.
- Gathered requirements and provided technical insights to stakeholders.
- Maintained comprehensive technical documentation.
- Actively participated in team meetings and discussions.

LGM Internship

May 2023

Web Developer

- Designed and developed a visually appealing and user-friendly Todo List application using HTML, CSS, and JavaScript.
- Implemented key features such as task creation, completion tracking, and task deletion to enhance productivity and organization.
- Utilized local storage to ensure data persistence, enabling users to seamlessly manage and prioritize their tasks.
- Crafted a robust React API application that fetches data from URLs and transforms it into JSON format.

- Dynamically rendered the JSON data through individual cards using the map function for efficient display.
- Created a sleek and user-friendly React calculator application with a clean interface and responsive layout.
- Implemented essential features like addition, subtraction, multiplication, and division to meet users' everyday calculation needs.
- Designed the calculator with simplicity in mind, ensuring ease of use for performing basic arithmetic operations.

Webinnovators Technologies Pvt Ltd

April 2022 – April2023

Frontend Developer (React Js)

- Developed a hospital management system using React JS and JavaScript.
- Implemented appointment booking functionality with data storage.
- Utilized React Toastify for success and error messages.
- Collaborated with UI/UX designers to ensure a user-friendly interface.
- Conducted thorough testing and debugging.
- Used VS Code for efficient code development.
- Maintained documentation and participated in code reviews.
- Integrated front-end with backend APIs.
- Stayed updated with React JS trends for performance improvements.
- Assisted in system deployment and provided insights for project improvement.

EDUCATION

Manipal University of Jaipur	2021-2024
